To,
CEC Members
State / Local Branches

Dear Sir/Madam,

The IPA would like to join the leaders of the nation and support by various means in combating the corona virus threat.

As we all aware the gravity of the situation regarding COVID-19. The outbreak based on the live statistics and tracking the number of confirmed cases, recovered patients and death toll across the globe it is pivotal to take solidarity steps in order to resolve and restrict the pandemic. In this juncture all the State branches, Local branches, CEC members and Office Bearers of IPA must join hands together and build a healthy nation in expelling the outside forces and achieving unification.

The members may contribute by advocating all the stake holders about the principles of hygiene and other initiatives taken by State and Central Government.

IPA Branches with the help of pharmacy institutions and local authorities may volunteer the services in creating awareness, supporting physicians, counselling patients and many more ways that may be applicable in your region.

Above all let's all remain safe and well and I am sure that as a nation we will come out of this situation soon.

With best regards,

Dr. T.V. Narayana
National President
