VIRTUAL CONFERENCE

JULY 23rd, 2021 | 2:00PM - 6:00PM

Pharma IT Summit - Press release content

As the crisis continues to disrupt business continuity for enterprises, the need to deploy effective IT strategies and solutions has become imperative for the Indian Pharma sector. With constant supply chain disruptions and man-power reduction, , IT leaders in Pharma have to re-think their IT infra roadmap heading into 2022.

As digitized supply chains, data-driven insights and hybrid cloud get deployed by organizations to remain competitive in the Indian Pharma sector, it is imperative for the IT leaders to up-skill and be prepared for unprecedented challenges they will face in the new and dynamic market.

The [11th Edition of Pharma IT Summit](#) will bring together 150+ CIOs, CTOs, CDOs, Head-IT Infrastructure, IT heads etc. to discuss the future of digital transformation, automating the shop floor & compliance, understanding the dependence on resilient supply chain, Cybersecurity strategies 2021 for Pharma and much more.

The conference will host a well-rounded line-up of speakers including renowned IT leaders from India's Pharma sector like:

- Dhaval Pandya - Corporate CIO, Piramal ;
- Ashish Pandey, Tech Head India Subcontinent - CIO GSK Healthcare;
- Narendra Saini, Chief Digital and Data Officer - Lupin;
