## About the Attendees:

Dr. Nanua Singh, CEO & Chairman of RGBSI, is a visionary entrepreneur renowned for turning theoretical concepts into successful business models and a strong advocate for sustainability.

Dr. R.N. Gupta, National President of the Indian Pharmaceutical Association (IPA), brings 47 years of expertise to the pharmaceutical industry, including 23 years in teaching.

This webinar by My ESG Planet by Rapid Global Business Solutions Inc. (RGBSI) and the Indian Pharmaceutical Association (IPA) is exclusively targeted to pharmaceutical sector businesses and professionals.

## Why Attend?

This webinar offers invaluable insights into:

- **The ESG Framework and Sustainability Principles:** Gain a comprehensive understanding of these vital concepts.
- **Digital Tools for Sustainability:** Explore user-friendly tools to track and enhance sustainability efforts.
- **Expert Insights:** Hear from industry leaders on overcoming challenges in sustainable practices.
- **Benefits of ESG in Pharma:** Learn how the ESG framework boosts business performance and societal value.
- **Pharma's Role in a Sustainable Future:** Understand how ESG compliance can position the sector as a societal asset.

## Beyond the Agenda

This event is not just about knowledge—it's a platform to:

- **Network with Sustainability Experts:** Build strategic partnerships.
- **Foster Collaborative Growth:** Join a community focused on sustainable health and wellness for people and the planet.
